

## STEELPOWER® RED G2 SURF

These rods definitely deserve their name! Despite their light weight their casting power is sensational.

## STEELPOWER® RED G2 TELE SURF

This is the rod that many anglers have been waiting for! Finally a full scale carbon tele surf rod! Ideal for travelling, family holiday or any other situation where the capacity for fishing equipment is somehow limited.

Icon	Barcode	Model Name	Length	Tip Length	Weight	Sections	Weight	Power

## STEELPOWER® RED G2 DOWNRIGGER

Value for money rods that have been especially engineered for trolling for trout and salmon, but that can also be used for trolling big lakes for trout and zander. The special handle part on the front has been made triangle shaped so that it lies stable on the side of the boat during trolling sessions.

## STEELPOWER® RED G2 NATUR

These two extreme natural bait rods have been designed for fishing the giants of the Nordic deep, like Halibut. Thanks to their hard and full parabolic action they are perfectly suitable for fishing at enormous depths with extremely heavy weights. Equipped with gimbal and super stable low-rider guides.

Icon	Barcode	Model Name	Length	Tip Length	Weight	Sections	Weight	Power
		STEELPOWER RED G2 DOWNRIGGER / 210	1/1/10	2,10m	112cm	12-25lb	2	328g 9+1
		STEELPOWER RED G2 DOWNRIGGER / 240	1/1/10	2,40m	127cm	12-25lb	2	370g 11+1
		STEELPOWER RED G2 NATUR / 210 / 300-800G	1/1/10	2,10m	152cm	300-800g	2	359g 9+1
		STEELPOWER RED G2 NATUR / 210 / 400-1000G	1/1/10	2,10m	149cm	400-1000g	2	375g 9+1
