

DAMYL® SPEZI LINE

EVEN EXCELLENCE CAN BE IMPROVED

Our DAMYL® SPEZI LINE has been victorious and trendsetting for many generations of fishing lines. We've now developed an advanced version of our successful concept. These eleven special lines cover the whole spectrum of the most important target fish species.

DAMYL® SPEZI LINE PIKE (DEAD BAIT)

Earth-brown – invisible on the bottom. Advantages: high breaking strength, specially hardened surface, low stretch – for penetrating, long-distance strikes.
