

## MADCAT® BLACK HEAVY DUTY

Fishing from the bank with buoys or stone and from the Boat with floats are the most common successful methods to catch big catfish. The "Black Heavy Duty" was developed for these heavy techniques that demand a lot of tackle. Equipped with a solid rubber

butt cap, a reliable high quality reel seat and super stable guides. The tough parabolic action lets you stay in control when fighting a big fish, but at the same time lets you enjoy medium fish too.

## MADCAT® BLACK SPIN

These rods are designed for repeatedly casting lures for long periods of time. The rods have a great balance and tremendous power during the fight. This makes these rods the perfect partner for long spinning sessions. Thanks to the slim blank you can constantly

feel what is going on with your lure or any cautious biting fish. These light weight and fast spinning rods are the perfect choice for fishing with big shads, spoons or hard lures.

## MADCAT® BLACK VERTICAL

Vertical fishing, clonking and casting from the boat, whatever active catfish angling you want to do; this rod was built for it! The unbelievably slim blank enables you to have the mandatory contact to the bait when fishing. This rod will give our "Hotball" or

"Flexi-Balls" the "tasty" action that is needed to seduce the big active cats. It is very well balanced and the rigid backbone power of the rod will let you enjoy the full pleasure of "light tackle" while fighting giant catfish.

## MADCAT® BLACK ALLROUND

With this elegant and light weight allround rod you can do virtually any kind of catfish angling. No matter if you fish from the boat or from the bank, the length of 2,85m is absolutely universal. Equipped with quality components like solid butt cap, reliable reel

seat, the extra-long front grip and the line protecting SiC flange tip guide offer an excellent value for money. The parabolic blank offers a great fighting experience with medium sized catfish, but also has some power left for bigger fish.
