

## Hansen Lures

Scandinavian top anglers have developed some of the best catching lures on the market. The Stripper, Flash and Fight lures have become household names throughout Northern Europe. All spoons have been made from either grade A Stainless steel or brass plate and comes fitted with doubled forged split rings and fine wired Black nickel tournament treble hooks.

We take pride in our handpainted lures, designed based on decades of successful Seatrout spinning – the standard our new garage craft colours and the perfection of the finish reaches unparalleled heights this year.

Superb for Seabass and Seatrout!

### HANSEN SILVER ARROW

This sovereign new addition to the Hansen lure arsenal is a slim-lined and elegant sandeel imitation that has been awaited with great excitement. The Silver Arrow is a long-time favourite among Scandinavian coastal fishermen, but it has never been mass produced with perfection – not before now, that is! It has an incredibly life-like and hypnotic action, and with its slim profile it is long-casting beyond what one could ever expect – which means you'll be able to reach those elusive 'far-out' heavy-weight seatrout.

- Tournament grade treble hooks
- Double-forged split rings
- Individual quality inspection
- Hand-painted garage craft perfection
- Lead free metal alloy
