

HIGH-RIDE

If you're after an effective dry fly spray for quick and careful application when fishing, look no further than this.

ITEM NO.	TYPE	PACK
28149	High-ride	10

LINESPEED

This is the ultimate modern, totally non-grease fly line conditioner. Use this and your old fly line will get a new lease of life, with improved shooting ability. Line Speed is applied to the fly line with a cloth and will often help you cast an extra four to six metres.

ITEM NO.	TYPE	PACK
28148	Linespeed	10

DRY-GEL

For dry-fly fishing in more extreme circumstances, this floating gel is ideal. It's more rugged and can be applied at home in order to keep your flies floating most of the day.

ITEM NO.	TYPE	PACK
28150	Dry gel	10

The Sierra Stack'em series is a range of fly boxes that appeal to the fly fisher who appreciates great overview and order in his fly box.
