EFFZETT® NOVA SPIN

The EFFZETT® Nova Spin rod series is designed by modern lure fishermen, for modern lure fishermen. The exclusive design starts with the cross carbon structure of the butt section, gunsmoke metal detailing and black K-frame guides. The Nova Spin series is more than just a looker, and the x-fast TC24 carbon really brings rod performance to life and are perfectly suited to modern predator fishing. The Nova Spin is the perfect choice for anglers of all levels; whether you're a beginner or even a seasoned specialist who is looking for a high performance rod without a hefty price tag.

TECHNICAL DETAILS

- High quality TC24 carbon blank
- K-Frame guides with black finishing
- High quality cork handle
- Fore and rear grip made from EVA material
- X-fast action
