

FEATHERLITE BOOT

Ultralight boot with deeper tread outsole than normal EVA boots

- 100% EVA material rich in micro bubbles (foam rubber) for perfect insulation
- Extremely lightweight – weighs 30-40% less than PVC boots
- Removable soft inner lining with shaft of polyester fleece & foam and insole of felt & aluminium foil to ensure insulation as well as absorb & wick away moisture
- Nice decorative collar
- Deep tread outsole for multi-grip
