## MAD® TOP LOAD

The MAD® Top Load Bag is a medium sized UK-style bag. With its compact size it's the ideal bag for stalking. Through the upper lid you can easily access a compartment within the lid. The bottom part of the lid is kept in place with a velcro fastener on one side, which gives you the possibility to reach through into the main compartment without the need of opening the zipper every time.

## MAD® CARRYALL XXL HB

HB stands for hard bottom. You can't imagine the fishing world without fishing bags with hard bottoms. They offer great stability but also protection against moisture and make sure the content is shock-protected. The 600D nylon outer material is tear-resistant. 4 patch pockets offer space for even more tackle and enable quick access. Easy and tireless carrying thanks to carrying handles and shoulder strap.

## MAD® D-FENDER BACKPACK

A great multi-functional back pack with approximately 40 liter storage room. It consists of one big main compartment that you can close with a practical drawstring. Furthermore it is equipped with three spacious zipped outer pockets and a comfortable padded carrying system that has an adjustable waist- and shoulder strap. Next to that, the reinforced heavy duty PVC bottom keeps the contents nice and dry, just like the integrated rain cover does. Weight: 1,95 kg. 100% polyester.
