

DAM PUT & TAKE BUDDY

Sensational hard frame bag for trout anglers. The basis is a metal table of 50 x 30 cm with four telescopic aluminium legs, which can be separated by a round going zipper and gives stability to the whole construction. Inside there are three well fitting and removable units, one containing six small plastic tubs. There is also a clever rig board of foam, a foldable unit containing three removable plastic boxes for hooks and swivels, and 2 x 10 fixing loops for floats. The bag is completed by two big outer zip pockets, a moulded grip part, and a neoprene padded adjustable shoulder strap. Measurements (folded): 52 x 32 x 20 cm. Maximum measurements (with legs fully extended): 52 x 32 x 42 cm. Weight empty: 3,7kg.

- Material: 600D polyester (100%)
